

## LINDSEY PARISH COUNCIL

### STATEMENT OF INTERNAL CONTROL AND ANNUAL REVIEW OF EFFECTIVENESS OF INTERNAL CONTROL FOR YEAR ENDING 31<sup>ST</sup> MARCH 2026

The Accounts & Audit Regulations 2015 aims to strengthen governance and accountability through requirements related to internal control and internal audit. Whilst the Parish Council has reviewed the effectiveness of the internal audit (independence, competence, proportionate and scope), it has a requirement levied on it to ensure that its financial management is adequate and effective and that it has a sound system of internal control. The framework of accountability is risk-based i.e. level of control and management must be appropriate to the risk involved. The Council must determine the most appropriate method of internal control. It should ensure that internal control tests are proportionate and relevant and should not show undue interference in the RFO's day to day management of financial affairs.

#### **Purpose of Internal Control**

Internal control is designed to reduce financial risk to the Council; the system of internal control is designed to ensure that the Council's activities are carried out properly and as intended. Internal controls are set up by the Clerk / RFO, but it also falls to Council Members to ensure that they have a degree of control and understanding of those controls. Controls will include the checking of routine financial procedures; the examination of financial comparisons; the recording of assets and liabilities; the identification of risk and to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.
