A In the one-year Spending Review announced on 25th November 2020, £670m additional grant funding was announced to provide support to authorities in respect of the impact on council tax bases arising from increased LCTRS reliefs. This funding has subsequently been confirmed in the Provisional Local Government Finance Settlement. Major precepting authorities will receive a Local Council Tax Support Grant allocation proportionate to their share of the council tax bill in the district, based on the increase in the value of LCTRS reliefs in the year between the October 2019 CTB1 and October 2020 CTB1 returns, together with an allowance for forecast increases at a national level. The information provided from government suggests that our allocation of £115,000 includes a share for Town and Parish Councils and Babergh has agreed to pass this grant on in full (£38,600). The allocation of this grant to individual councils has been calculated in proportion to the reductions in the calculated tax base for the parish resulting from increased LCTRS reliefs

and the use of a reduced collection rate in the tax base calculation as mentioned above.
